## Working Together Works

Working together can never be a policy. It can only be an idea. It can never be a code of rules. It can only be a way of looking at the world.

We can say "This is mine," and be good or  
we can say "This is ours," and become better.  
We can think "I do my share," and become  
satisfied or we can ask, "Can I do more  
to make it prosperous."

We can work along side each other  
with each other and grow as we have. We can function or we can work  
clear that combining all efforts into one has been the only way to achieve  
that progress and that strength we take such pride in. We can make it  
knowing we've achieved it together with our own work and our own pride in  
really the key. Because when it is said and done, so we can make it  
bring out the best in all of us, it brings out the best in all of us. That's  
only

## Working Together Works

Working together can never be a policy. It can only be an idea. It can never be a code of rules. It can only be a way of looking at the world.

We can say "This is mine," and be good or  
We can act "This is ours," and become better.  
We can think "I do my share," and become  
satisfied or I can ask, "Can I do more,"  
and become prosperous.

We can work along side each other and function or we can work  
with each other and grow as we have. Our community's history makes it  
clear that combining all efforts into one has been the only way to achieve.  
Knowing we've achieved it together with our own work and our own visions. That's  
really the key. Because when all is said and done working together doesn't only  
bring out the best in all of us, it brings out the best in each of us.

WORKING TOGETHER BRINGS OUT THE BEST IN EACH OF US

Choices

If you look  
at things
